3610 RESIDENTIAL STEEL COLLECTION

Features:

- Sandwich type construction with CFC free expanded polystyrene insulation pressure bonded between two sheets of 26 gauge hot dipped galvanized steel with a 10.25 R value.
- 1.0 mil paint system includes .25 mil rust inhibiting primer and .75 mil exterior bp coat that resists fading and chalking while providing consistent color from panel to panel.
- 20 gauge hot dipped galvanized steel hinge plates run the full height of each section at all hinge locations to facilitate the attachment of hinges, handles, struts and step plates.
- Rigid aluminum retainer provides added strength while securing replaceable U-shaped bottom weatherstrip.
- Sections include tongue and groove meeting rails for superior strength and better sealing against wind, rain and snow.
